Prayer for June

Loving Heavenly Father,

Thank You Lord God, for helping the Kirk family through the big ordeal of their accident; we praise You for the progress Amanda Kirk has made and thank You that healing is taking place day by day and we leave them as a family in Your care and ask that You will continue to guide them into Your purposes.

Thank You that Neil is making progress with his physio. Continue Lord God to uphold him and his family, and we ask that Neil's sight will be restored in Your love and grace. Thank You also for Your care over Esther we praise You that all is well with the growth of their baby, may both continue in good health and we ask that he will be born healthy in body and mind and grow up to love and serve You.

We praise You that David is feeling much improved and we ask that his blood levels will remain stable. We also ask that Trevor will adjust to his stronger medication and know Your restoration, be close to Hazel also at this time of need in their lives. Continue to help Olive, Florence, Doreen and Ray, Ken and Chris, in their health needs; and be close to Kath Goodswin, Anne, Helen, Julia, Owen and Keith in the difficulties of life.

We praise You for the new folk joining with us at this time and ask that You will open their hearts to see You clearly as the one who died to take the penalty for our sins. Thank You, Lord God, for this great salvation, may we continually have thankful hearts towards You and open our understanding as to how great Your love really is. Fill us daily with Your Holy Spirit, that we will be the people You want us to be, giving glory only to You.

Amen

Prom Praise

A great time was had by all on the day and we are looking forward to next year. Owing to shrinking violets avoiding the camera, and a general reluctance to being organised for a group photo this is one of the rare ones Ken has. If anyone has any other photos, please can you email any you have to k.w.steel@btinternet.com
